## WATER SELF RESCUE SURVIVAL CLASSES

### NOT ONE MORE CHILD DROWNS

Drowning is the number 1 cause of death in children ages 6 months to 6 years.

Water self rescue survival classes can help give children the opportunity to survive an accidental water event that could otherwise take their life. We did not know about these classes, and will make every effort for them to be more widely advertised. Bean's Way will provide Grants to those needing assistance with the tuition for the classes

Bean's Way Foundation was created in memory of Gabriella Ruth Bianchi, lovingly known by all as "Bean". Our mission is to educate and advance knowledge in the community regarding water safety for children

## PLEASE COMPLETE THE FOLLOWING QUESTION AND RETURN TO BEAN'S WAY FOUNDATION

Why do you want your child(children) to take Water Self-Rescue Survival classes?

Upon receipt of your application a representative from BWF will contact you to discuss the classes and the cost of classes. Please be prepared to discuss what your finances will allow you to contribute to the cost.
